

ICS 2017 FLORENCE

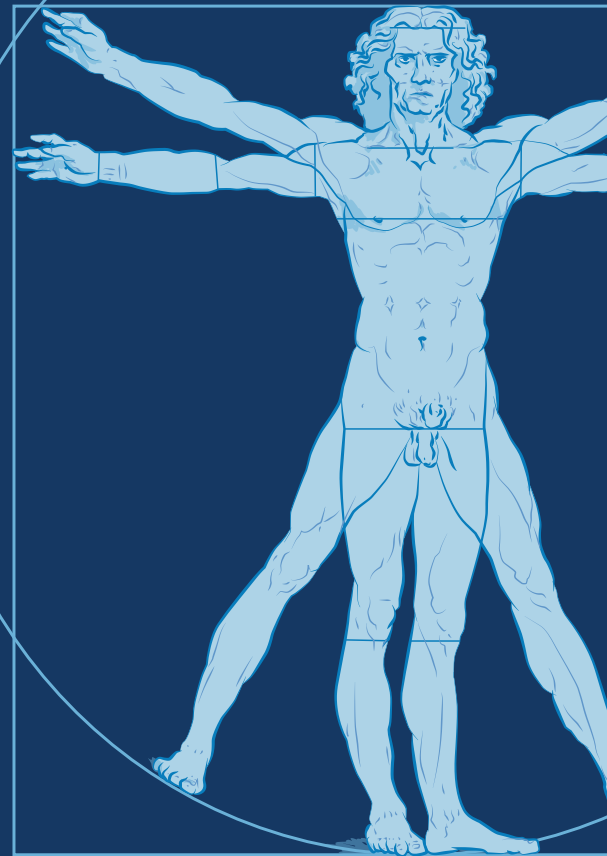

12-15 September

Leading Continence
Research and Education

Call for Abstracts: 1 March - 3 April 2017

International Continence Society
47th Annual Meeting

www.ics.org/2017

Dear Colleagues and Friends,

After 14 years the ICS annual meeting is returning to Italy, and once again we will be in Florence!

We are excited to host the most renowned international experts in the research and the treatment of pelvic organs and pelvic floor dysfunctions, with particular regard to incontinence. The meeting is multidisciplinary, bringing together all the professionals working in the field: urologists, gynaecologists, neurologists, physiatrists, physiotherapists, nurses, midwives and basic scientists.

The 2017 Scientific Committee is planning sessions on the pathophysiology, diagnosis and treatment of incontinence and other dysfunctions of the pelvic organs and of the pelvic floor. Rehabilitation, medical and surgical treatments will be discussed as well as basic and translational research. The role of new technologies will also be explored.

The convention centre, Fortezza da Basso, has been recently renovated and is now one of the most modern and comfortable congress venues in Italy. The Fortezza is located within walking distance from the heart of the beautiful art city of Florence where you can lose yourself in the ancient Florentine streets full of arts, handicrafts, fashion and wonderful local cuisine! Take a trip among the colour and flavours of Italian history and tradition. The Mediterranean and Tuscan atmosphere will accompany the discovery of such unexpected beauties that only a city such as Florence can offer.

Florence has always been the centre of cultural exchanges; we believe it is the perfect city to host the ICS meeting!

We look forward to meeting you in Florence in September 2017!

Giulio Del Popolo
Annual Meeting Chair

Enrico Finazzi Agrò
Local Scientific
Programme Chair

Submit Your Abstract or Workshop

For the opportunity to present your work or educate at ICS 2017 please go to www.ics.org/2017

- ▶ Abstract submission: 1 March - 3 April 2017
- ▶ Workshop submission: 1 November - 4 January 2017

ICS invites Basic Science and Clinical Abstracts and Workshops in:
