Subject: Meeting Report

Dear all,

We have great pleasure in sharing the final report of the UROSTAGES 2016 *Practical Female Urodynamic Course* held at King Hamad University Hospital (Bahrain) on 4-5 March 2016. The event was an intensive two days immersion with the interested participation of 31 attendees (urologist and gynaecologists) joining the course from 8 different countries and 4 expert speakers which stimulated the theoretical and practical session as well as the final “Clinical Cases” session where selected and difficult cases has been discussed in the plenary room and examined together with the Faculty.

The feedback was excellent and here follows the final report of the evaluation questionnaires:

Quality of CME Programme (Rating scale: 1 Bad – 5 Very Good)

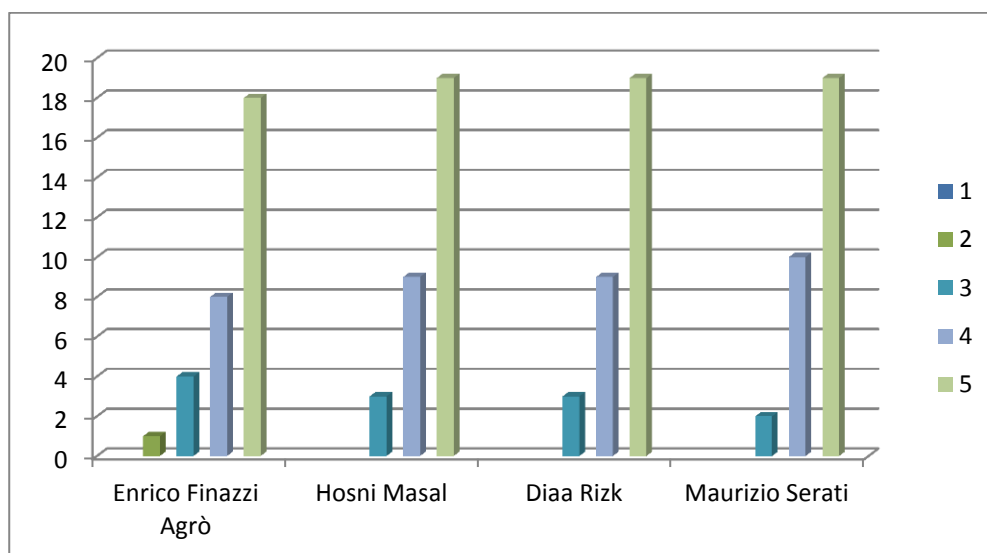

- 1- 0%
- 2- 1%
- 3- 18%
- 4- 41%
- 5- 41%
