Dear all,

We have great pleasure in sharing the final report of the UROSTAGES 2017 *Urodynamic Course* held at Millennium hotel and Conference Centre (Kuwait City) on 17-18 February 2017. The event was an intensive two days immersion with the interested participation of 27 attendees (urologist and gynaecologists) joining the course from 3 different countries (Kuwait, Bahrain, Qatar) and 3 expert speakers which stimulated the theoretical and practical session as well as the final “Clinical Cases” session where selected and difficult cases have been discussed in the plenary room and examined together with the Faculty. Most of participants enjoyed the course, although they would suggest a major involvement in practice sessions.

The feedback was very good and here follows the final report of the evaluation questionnaires:
